

13 Activate Payment gateway - B2C White Label Travel Portal

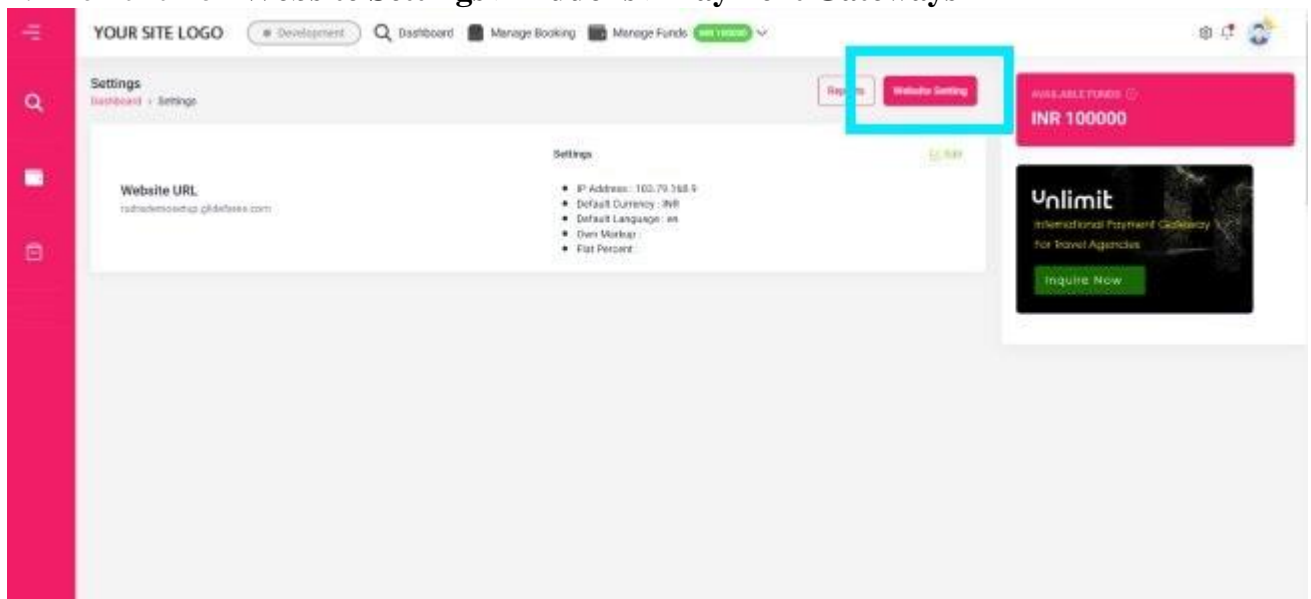

Activate or deactivate payment gateway on the fly. Offer multiple payment options.

- You can obtain your API Keys from your merchant account

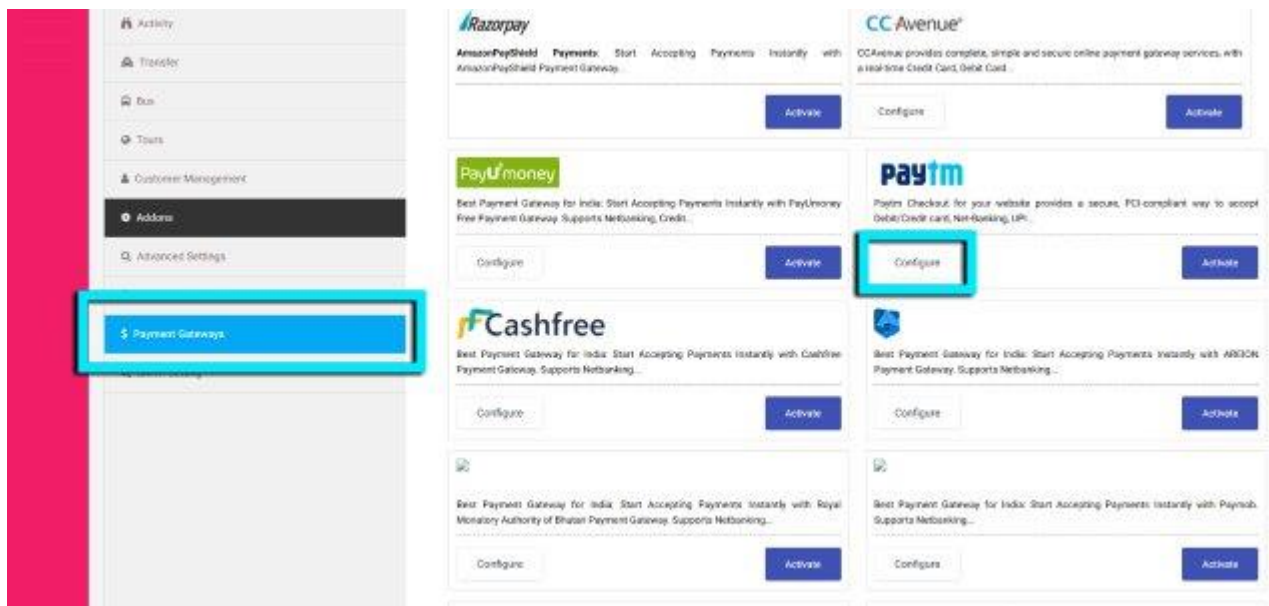

1. Login to your back office and navigate to **Settings**.

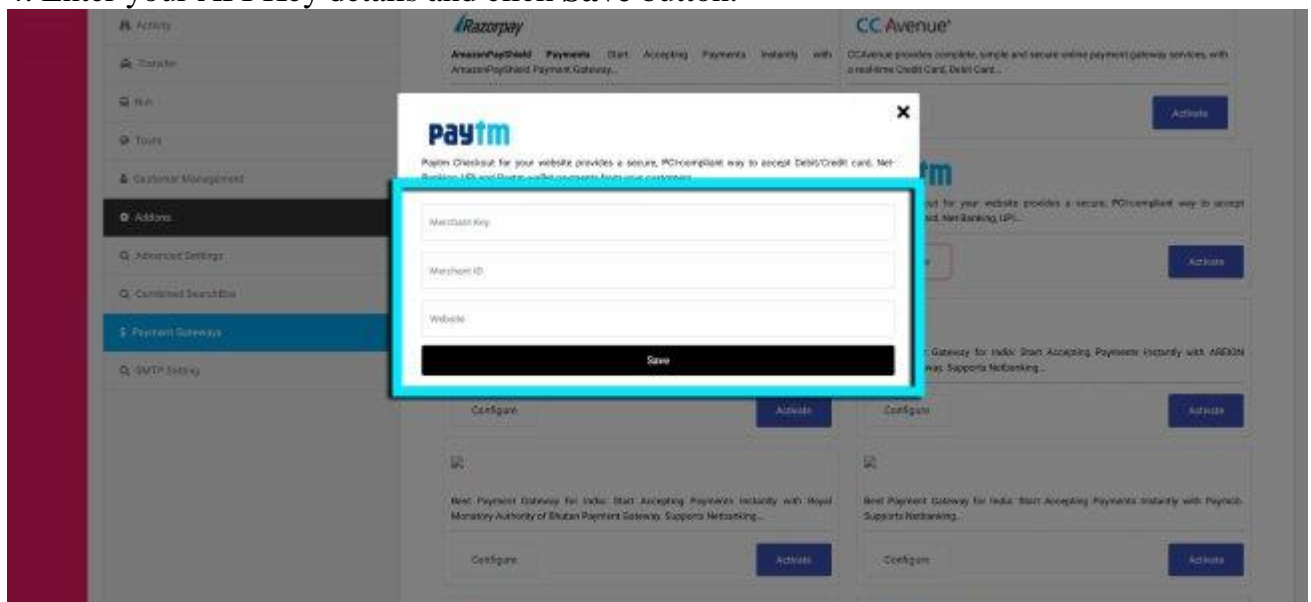

2. Then click on **Website Settings > Addons > Payment Gateways**

3. Click **Configure** button of the payment gateway you wish to activate.

4. Enter your API Key details and click **Save** button.

5. Your customers will now be able to pay for the bookings through the configured payment gateway.
